ORGANISATIONAL CONTEXT

ChildFund Australia is an independent international development organisation that works to reduce poverty for children in developing communities. We partner to create community and systems change which enables vulnerable children and young people, in all their diversity, to assert and realise their rights.

Our vision is a world without poverty where all children and young people can say: “I am safe. I am educated. I contribute. I have a future.”

ChildFund Australia directly manages and implements programs with a range of local partners in Cambodia, Laos, Myanmar, Papua New Guinea, Timor-Leste, Vietnam, and other Pacific nations, and manages projects delivered by partner organisations throughout Asia, Africa, and the Americas. Our work is funded through child and community sponsorship, government grants as well as donations from individuals, trusts and foundations, and corporate organisations.

ChildFund Australia is a member of the ChildFund Alliance – a global network of 12 organisations which assists almost 23 million children and their families in 70 countries. ChildFund Australia is a registered charity, a member of the Australian Council for International Development, and fully accredited by the Department of Foreign Affairs and Trade which manages the Australian Government’s overseas aid program.
